NEW YORK, Oct. 2 .- The Stock Market this morning opened showing declines from yesterday's final quotations ranging from ¼ to ¾ points. The deciline in prices seemed to be to some extent sympathetic with the weakness of American stocks in London, where there was a general shrinkage in prices, largely on account of an advance in the Bank of England's official discount figures from \$\frac{1}{2}\$ to 4 per cent. At a cabinet council yesterday the funeral of Zola was discussed, in view of a proposition that it be made a national affair, and that the body be interred in the Pantheon. Both these suggestions were decided in the negative, but M. Chaumie, minister of public instruction, will represent the government at the funeral and will deliver an oration. There's many a cause for headache. Men are not often troubled by headaches. When they are it is generally due to biliousness or indigestion. But women have headaches which seem peculiar to their sex, frequent nervous thro' bing headaches. Does it not seem as if such headaches peculiar to women must be at once related to womanly disease? Women who suffer with diseases peculiar to the sex do not realize the drain of vital strength and nerve force they undergo as a consequence of disease.
